McLennan County Emergency
Coordinator

McLennan County A.R.E.S.

Hi, HOTARC!

We finished up the spring storm season with a pretty quiet month. The summer heat is here and the hurricane season is about to begin. Field Day is upon us and it's a great time to sharpen our emergency communication skills. Hope to see everyone there!

As always, the ARES team is ready to deploy if needed. Thanks to everyone who is part of the team!

If you are interested in becoming a member of McLennan County ARES, go to the HOTARC Web site under the frequently asked questions and download the application. E-mail or mail the completed application according to the instructions listed at the bottom of the application. Your application will be processed and you will receive an ARES ID Card. Check in to the Weekly McLennan County ARES net every Monday at 8:00 PM on the 145.15 repeater (tone 123.0). If you have a sincere desire to help, registration is necessary before the next emergency, not after it occurs. We are also beginning to include our 70 cm repeater 442.875 MHz (input at +5.0 MHz, tone 123 Hz).
